The memory of Albert Eyster, the president of the club who expired during  
the period 1847-1917, inspired the EXIST to publish a volume of  
his painting "The Execution" which is a world heritage of the  
race of life... a fitting subject on which to begin your half-century

Jack Frezier (he of the small goatee) invites your attendance at  
these free-Jama entertainments 7 nights a week... piano, folk dancing,  
art exhibits, poetry, etc.
